Our next regular Lone Star Bottlehead meeting, which is scheduled for the 2nd Sat in September in North Dallas, will be a better venue. I will contact Frank about taking the demo Stoekit if it's available within that time window. Also, North Dallas is so close to Tulsa that you and any other tube loving Tulsans should plan to come. If you could do it, toss a pair of Pi Speakers into the van and bring them to the meeting - we have heard many other brands and design alignments at our meetings, but never a pair of Pi's. Details, pictures of past meetings, and directions at http://wardsweb.org/LSB/
