I'm up in Toronto. Too far to travel but interested in developments. Although my wife said there's a couple of scrapebooking stores in Cincinnati she won't mind travelling for.I have to take the passenger seat out of my car tonight to pick up the saw tomorrow. My little Subaru two door has not been a practical car for a homeowner but I refuse to give it up. I'm planning on building a 8x12 garden shed this weekend so I might get a chance to rip some plywood.
