Well George has decided to cast his hat into the ring. I am not a huge fan only because he hails from upstate and I always felt he favored that area over Long Island in regard to taxes and levies. But I will say this. He is a real person. Squeaky clean and really religous; not like the fake and phony born agains that stomp all over the Bible with their self-promoting greedy nonsense. He is honest and forthright and thoughtfull; so he probably won't get elected. But even though I don't agree with most of his policies I will vote for him because he is the kind of man we need after this last 8 yrs of backdoor deals and phony philosophies.
