Somebody better tell the Iraqi's before they fight and die for our system of Govt.; that they may lose their homes to promote some wealthy developers profit plans.

I was more than a little stunned myself - more so that it made me feel like Limbaugh in my reaction to the "liberals" of the court deciding that "father knows best".Kind of makes my head spin when I'm on the same side as Scalia, but I have absolutely no idea how they can justify a decision to put one private interest ahead of another.

That's an awesome link, Colin, thanks! I found a link to Capitalism.org there, and that's a great site too.

Here's a link to the post on a message board I frequently read (freerepublic.com). I don't always agree with the politics, very conservative, but the news breaks faster here than Drudge. Also, the comments are pretty funny and very insightful.....Colin
