Yes, I remembered the song, "Burn `Em All"...there`s a link...you can read some others, "I hate people", "So What"...etc.The only problem is, A.N.L. was "shitty", 2nd League, 2nd-wave of punk band ("Punks not dead" movement, from the people that `82. discovered that being a punk is cool).Well, to be honest, my (bad) company and I liked them a little, `cos of raw exstremism, around `82-`83.That`s all, folks:-) Damir
