Gary Moore died Sat. night while on holiday in Spain. Gary has always been a guitar inspiration for me, especially his blues stuff. He combined that rock edge to his blues that very few have really done. Unfortunately I never got to see him live.

This is sad news Bro.

You never know when your time will be up. That is why I have been attending as many concerts of favorite performers as possible recently.

I am still trying get up the funds to see Joe Bonamassa, and now Tommy Emmanuel. It looks as if we will miss the Moody Blues this time around due to lack of funds as well, bummer.

Concerts are just another reason for me to look forward to tomorrow.
