Has anyone else seen the newest Paranormal Activity movie? What did you think of it? I went the other night, and was quite disappointed. I won't spoil it for anyone who hasn't seen it, but the ending was rather awful in my opinion.

I was disappointed in the first one. It bored me to tears, so I never even bothered with the other one's. It's like you're watching how other people live and react to things like that. Not very entertaining to me.

It was okay for what it was. It was the type of movie though that I wished I had waited for to come out on Redbox though. The ticket price was too much for the movie itself.
