Here's an 80#, 3X12X18" base that's available from an industrial tool company for under $40. Because of its weight the shipping is also about $40. The spikes in the picture are Parts Express #240-715. See the Enco catalog at http://www.use-enco.com/CGI/INLMK3?PMK0NO=287965
Granite Equipment Base

Nice and heavy but I think my preference for weight and doughwould be with The Sandblaster... See details under turntables here. Back a ways.
