Has anyone watched this movie yet? I loved Olympus has Fallen so I can't wait to watch this one. I'm assuming that it is similar. I'm a big fan of Morgan Freeman. I really enjoy his movies.

Was the movie a great one? Should I try to catch it at the theater or wait for it on DVD?

I would pay theater prices to see that one. I love movies that have international crime in them like this one. I would also probably buy the DVD when it comes out.
