What is the most romantic song that you have ever heard? I know there are lots of songs that really touch our souls on that deep level, but if you had to choose one, which one would it be?

I've been a music junkie for over 40 years now, and I have yet to hear a romantic song that good.

I find that some songs sound so much more romantic when I'm in love than they do when I'm not. Right now if I had to pick one it would be 'All of me' by John Legend.

That's a good song. Romance to me though, covers it all.

If you're in love a romantic song can compliment that.

If you're not, it can help you dream of how it could be.

If you loved and lost, it can help you feel that you're not alone in that space.

Martha, another old Tom Waits tune, does that better than anything I have ever heard. If you're an old softie it will get to you.
