I keep forgetting to look through my books to see if I can find one. When I look through the forums here, I always make a mental note but then later forget. Can you post a picture of it?

Found out it was a 1938 yes running order orginally battery operatedconverted to electric. orginal knobs and cloth.Has Zenith tubes in itquestion when was the 1st RCA produced & when did they start using their own tubes & what do you think it mite be worth. Wayne can you post the pic I sent you Tks.
