Everyone have a great Thanksgiving, will you? And if you're driving to visit family - be careful - It's big out there!

Hey Wayne! Do you have a solder pot? I saw you'll be getting Paramours soon. You'll want a pot to tin the magnet wire. And don't solder anything to the RCA ground tab until like the last page. For some reason the manual says solder after each step.Enjoy.

The problem with turkey is that, just like Bushmills Single Malt, you go directly from "not enough" to "too much".
