I bought an Orgasonic model 40 organ at Goodwill for \$10. The cabinet is in excellent conditionand the organ plays ok except for the F# pedal which doesn't sound and the F & G keys in all octives after the organ has been on for a while has distortion. I live on SS and can't aford to spend a lot of money for repairs or parts, but would love to put the organ in good working condition so I can learn to play it. I would appreciate any information or suggestions or leads that anyone can give me. Thanks, Janet
