Subject: Re: Class A SS amp in Audio eXpress Posted by Wayne Parham on Fri, 14 Apr 2006 02:43:30 GMT View Forum Message <> Reply to Message

I'm kinda fond of some basic SS amps like that too. With all the rush to tubes, some forget that solid state was developed as an improvement. Maybe some SS topologies aren't that great, but some are. Definitely worth a listen.
