Subject: cheap kits for tube amps Posted by Manualblock on Thu, 15 Jan 2004 14:00:17 GMT View Forum Message <> Reply to Message

Try "Gabes Tube Amplifiers and Stuff", he makes a SE 6watt from a 6sl7 tube rectified for 549\$ and a 300b with tubes SE for 700\$ as well as some pre-amps etc. interesting.
