As winter approaches and the outdoor projects come to a close, I thought it would be nice to hook up with other ART members on a cold, otherwise useless afternoon. I live between Cincinnati and Dayton, and would like to sponsor an afternoon listening session sometime before next Spring. I'm kind of short on a wide variety of gear, but this is what I have available, aside from hospitality: A brief description of my main system: Integrated: Cayin TA-30 CD: ShengYa S-10 Tuner: Magnum Dynalab FT-101 Speakers: Magnepan MMGW Sub: Velodyne CHT-10 My bedroom system: Foreplay prePARASex dual monoblock amps Mission speakers (small 2-way) Denon tuner and a beater Teac CD changer Future system: Bottlehead Sex (should be here in a week or two) Pi speakers (model TBD) Toshiba 3960 DVD Also, I'd like to see where the rest of the members are from and what your systems are..... Reagrds, Colin
