Hey Terry, check out the little Stoetkit. It's really great, especially for the price! I listened to the a demo unit last summer and loved it. Bought one and did a write-up of the process of building it. So I thought you might want to give it a listen. I want to check out Heart's Kit 2 and Heartbeat amps sometime soon. I hear 6moons or someone is reviewing one of them soon. I kinda like forming my own opinions though.
