Subject: Anyone here with Systemdeck IIX experience?

Hi everyone,I have been looking for an affordable turntable after many years away from audio. I was wondering if anyone here has any experience with the Systemdeck IIX table? I think this table came with a Premiere tonearm, but I am not sure which model. I understand some of the Premiere arms are not very good, or at least as good as a Rega RB-250. Any feed back on the Systemdeck will be greatly appreciated.Norris Wilson
