I have a Clearaudio Master Solution table with Tangent LT Tonearm and a MM Virtuoso cartridge. I bought a nice EAR834P Tube Preamp to go with it. Now I need to have it all properly set-up and can't do a reasonable enough job on my own. I live in Port Jefferson, Long Island, N.Y. Is there anyone on this forum within driving distance that could do this for me. I will happily pay for your time. Regards, Russ
