Got these from a wonderful lady, who was parting out her late husband's collection. I saw these advertised about a 2 months ago and did not call. Saw the ad again, and figured what the hell. I met with her and we talked awhile about music and her husband's passion for music. I asked her how much for the entire lot, assuring her I was not a dealer and these would go to a good home. I paid \$500 for the entire collection of about 5500 LPs. It breaks down to about 1/2 hard-core classical and the rest is mostly 50s-70s easy listening. Stacked on end, they stretch about 40-50 feet. I have about 15 more feet to pick up after the holidays.....C
