Subject: Need Cartridge or Needle for Miracord 50H Posted by david on Sun, 19 Nov 2006 20:20:32 GMT View Forum Message <> Reply to Message

I have a Miracord 50H with a Shure V15 Type II cartridge. During a move, the needle got bent. I am looking for a replacement needle or cartridge. Will a Shure M97xE fit? If so, is it a reasonable replacement for a reasonable price? I'm not looking for a very expensive solution if a reasonably priced one will do the job. If it sounds anything like the Shure V15 did, I will be happy with it.Thanks for your help.David
