Subject: Tascam 38 cleaning question Posted by Mike on Mon, 05 Sep 2005 19:46:31 GMT View Forum Message <> Reply to Message

I've got a Tascam 38 with a lot of goo on the pinch roller. Since the roller is rubber, I'm leary of using alcohol, but this stuff is really sticky and looks like some sort of grease. Anybody have any suggestions? Also, know of any places that carry replacement parts for the 38?
