Subject: Re: Best CD for \$3K US or less? Posted by Bill Martinelli on Wed, 25 Aug 2004 01:27:02 GMT View Forum Message <> Reply to Message

Before spending large coin you might want to give the Art DI/O a try.You can use a lot of lesser expensive cd decks as a transport as long as it has a coax digital out. The Art DAC has a tube in it and has a few fine tune adjustments. This is just an unbelievable DAC for 125.00 Also take a look at the Audio Note CD player and DAC combo.
