Subject: Taking Requests for GPAF

I'm facing a dilemma. I've got quite a bit of gear here that I'd like to bring to GPAF, but I'm limited to what will fit in a Volvo 240 wagon, so I have to whittle things down. At the same time, I don't want to NOT bring something that a buncha folks want to hear, so . . .While I can't guarantee that I'll be able to honor all requests, I thought I'd toss out the question:WHAT Audio Note GEAR WOULD YOU LIKE TO HEAR AT GPAF?DAC's ?Pre-amps ?Power Amps ?Speakers ?Cable?Which models?What Levels or price ranges?As they (still) say in some voting precincts, VOTE EARLY, VOTE OFTEN !!
