Subject: Re: Suppose you had a really big pair... Posted by akhilesh on Sun, 21 Mar 2004 12:16:50 GMT View Forum Message <> Reply to Message

HI, If you are using them for a sub, think about and active crossover, and biamping them in a much smaller enclosure. I have a pair of EV force 15s that are similar to yours, and if i ever get arounfd to using them, that is what i will do. -akhilesh
