Posted by DanR [65.27.238.228] on December 30, 2004 at 11:49:35:Does anyone know anything about the JVC SP-3 speaker?It's a three-way unit -- I am guessing from the late 80's or so because it mentions "digital" on the specification plate. Also, a logo-like AV is on the plate.I'd appreciate any info. about its cost, production date, etc.Thanks!DanRteceds@cinci.rr.com
