manualblock, I don't think I bought any of my old stuff from you. The Heresys came from a local yard sale for \$5 (collage girl was selling her boy friend's speakers.) The Scott is a LK-48-b (kit version of a 222D) and was bought from ebay almost three years ago. The Thorens TD-160 costs \$3 at another garage sale about 6 or 7 years ago. Isha appreciates the complement. Dave:)
