Hi Wayne, Check also with Wima's (Germany) MKP4 series. Mr. Crawford uses them in the Kurre 4 speaker. I never used them, I know where to buy from Wima distributors, but I don't know the price or quantities. He used Solen's before in Legend Acoustics speakers. As he says: "...I find capacitors frustrating because although I can hear differences between different capacitors I cannot measure any differences." (in Australian Hi-Fi, equipment review) Best Regards  
WIMA USA
