Hi Wayne,I was going to email you but thought it may be good to put down here for all to see, since you probbaly get asked this a lot. I had 2 questions:1. IF I want to post images here directly, how do I do that. I know you posted once on that but I can;t find the post. 2. If we post measurements & experiemntal resutls here, do the posters retain copyright? Otr does ART get teh copyright?thanks-akhilesh
