Hi LageB, Welcome to the forum. There are a lot of really sharp and helpful people who hang out here. I had a chance to hear the xxls woofers in a push pull configuration. (see [www.linkwitzlab.com](http://www.linkwitzlab.com) ) I was very impressed with the driver as used by Mr. Linkwitz. They are a well made driver with little coloration, and capable of moving quite a lot of air. Take care, Steve
