That's exactly why I removed my forum from that site; It's easy to get caught up in that kind of deal. But almost every post violated the rules of the forum. Some were ads, others were attacks. Neither will be tolerated here - The moderators simply delete offensive content and posts that violate the rules. No selective moderation either. Fun is fun, but what we see over there isn't fun. It's a bar on the wrong side of the tracks. I'd rather hang out with cool guys, because attitude is contagious.
