are really significant at RF, but not particularly down at audio frequencies that's what I thought!
what about the never ending threads at diyaudio.com 'microdiodes' etc....lately it was power cord differences, the threads get 5000 views and 200 posts long..and in the end no one is the wiser! my 3\$ cable will work well enough for me now :-)! I'm not sure there's much there to talk about YES!
haha that's so funny and true Mike.e @ 6am
