Romy the puss was always making posts with rude connotations, sexual (and homosexual) inferences and posts that stooped to things about your mother or wife or whoever. He's the worst. Funny thing I've noticed is the yoyos over at AA sometimes now cower to him, hoping he'll leave them alone when he posts as i2g72433pus87234rmy or whatever. They've really pushed out IMO. Even some of the so called 'players' there have tried to appease him. That's weak, to appease a bully takes away any respectability a man might have, especially an insignificant internet bully like Romy the Cat.
