Norris,I made baffles similar to the Solo baffles.Here's pics:http://pg.photos.yahoo.com/ph/the_hurdy_gurdyman/album?.dir=c24c&.src=ph&store=&prodid=&.done=http%3a//pg.photos.yahoo.com/ph/the_hurdy_gurdyman/my_photosThe mids sound more natural than either my EV LS-12's or LS-8's. They are similarly detailed to the Klipsch Heresy's I had but are less "etched" sounding. Less listener fatigue over time than the Heresy's. They just sound natural to me. I wish I could compare them to some popular speaker that everyone is familiar, but I have what I have. Dave
