What's she thinking?  That's the beauty of those horns.  You should pick up a pair of 511s or 311s just to see her reaction.  Better yet, show her the horns Bill is currently reviewing.Speaking of Bill, I hear you two are doing some kind of amp build.  Is it "top secret" or can you elaborate?I'm going to try like hell to host a wrongsideofthetracks in June.  I picked up some toys from Ron a few weeks ago that I'd like to show off.  Also, I'm anxious to meet you.  I really wish I could have made it to your house last year
