Roll in to Steves at 10:30; roll out at 5. He's goading me all day to do a lot of the wiring which is a good thing.I get home at 6 and there's his e-mail saying the problem is fixed and the '45' amp sounds wonderful, the bastid!But I fire up the 1812's and pour Tanqueray into a frosted glass from the freezer and all is forgiven.Hey, the open baffles sounded really good. Pass the steak sauce.
