This is a repost for any who missed my earlier message seekingthose interested in speaker DIY in Wisconsin. Since the forums fillup very fast I am going to repost once a month for a few months. I have compiled a mailing list from those who have already showninterest in having some contact with other hobbyists nearby. Just send a mail to lon@athenet.net and I will add the name. AsI write, there are no events scheduled, but we have done a bitof meeting and greeting in the mail. I am also getting an ideaof the demographics of where the interest in the hobby lies. This helps in determining where to schedule get-togethers. Posted to audioroundtable General and Single Driver forums only.
