Subject: Re: Making some progress on my PVC pipe/ RS 1197 project Posted by Ion on Fri, 06 Feb 2004 20:48:32 GMT View Forum Message <> Reply to Message

Taking into consideration all your advice I got another partfor \$1.06. I can try to straighten out the line and not use the rear ported part. This would make it more like a traditionalline and I'd have to make a base with feet for the wave to exitthrough the bottom. I'm going to keep as much length beforecutting as necessary to allow some wiggle room.
