It's amazing how many audio get togethers are blessed by someone culinary talanted. I went to a get together at Decware last fall and one of the guys fried up some of the best catfish I've ever tasted. My mouth still get's watery thinking about it. The year before, a similar get together in Kentucky was blessed with one of the guys doing a complete catering job, which was excellent! My stomach needs to get out to more audio get togethers, especially the small ones with the personal touch.Hungry Dave ;^)
