I'm up in Toronto. Too far to travel but interested in developments. Although my wife said there's a couple of scrapebooking stores in Cincinnati she won't mind travelling for. I have to take the passenger seat out of my car tonight to pick up the saw tomorrow. My little Subaru two door has not been a practical car for a homeowner but I refuse to give it up. I'm planning on building a 8x12 garden shed this weekend so I might get a chance to rip some plywood.
