Ha Ha! Very funny Wayne! Seriously though.....I hope like Hell you guys know that was not the point! He did just "verify" the numbers I have claimed from the beginning! Getting Larry to say something "not true" would be like pulling a donkey down the street by his tail! He would not give his "opinion" on the system....he just reported the readings and what he heard.And yes, Wayne, that was funny to me! You've at least talked with me enough to know for sure that was not the intent of my posting his comments...(he actually typed it all)..I hope everyone else does as well!Ed
