Subject: Cheap and easy phase plug Posted by hurdy\_gurdyman on Sun, 18 Dec 2005 20:45:58 GMT View Forum Message <> Reply to Message

Looking to make a cheap and easy phase plug? I made a pair today from a short piece of PVC pipe and the plastic cup from a toy slot machine. Total cost was probably under a buck, and you get to keep the toys.http://pg.photos.yahoo.com/ph/the\_hurdy\_gurdyman/detail?.dir=6d5d&.dnm=9006.jpg&.src= phThis is a very transparent plug! Dave

. phase plug
