Subject: coral 8 drivers best use Posted by jim denton on Wed, 25 Jan 2006 11:13:13 GMT View Forum Message <> Reply to Message

Does anyone have any history about the use of and quality of the Coral 8---- I keep seeing these on e-bay and they are not cheap----Some guys in Europe rave about them and I see them in an array of boxes----so what is the scoop? Are they better than Fostex? Lowther wanta bees? JD
