Subject: Re: Who Offers Line Array Kits? Posted by Wayne Parham on Tue, 06 Jul 2004 22:55:05 GMT View Forum Message <> Reply to Message

You're ahead of me 'cause I only know of two companies that make array kits. The two I know of are the offerings from Selah Audio and Bottlehead, and you've already mentioned both. So I'm no help here, but I will provide links:Selah Audio, Jim Griffin and Rick CraigBottlehead Straight 8, Dan Schmalle and Paul Joppa
