Subject: Re: Crossover wiring options Posted by FredT on Wed, 14 Mar 2007 09:38:01 GMT View Forum Message <> Reply to Message

I haven't done this because the crossover is hidden and I never tell anybody how ugly it is, but it should be possible to build a neat looking crossover by using pegboard, laying out the parts at 90 degree angles, and connecting the leads underneath the board where they aren't visible.
