These sites pay the artist $8-$10 per CD, as opposed to $1-2 the labels pay. Go to www.cdbaby.com, and find singers who sond like Diana Krall for example. You'll see tons of them, some of them very good. Not only will you be exposed to a byunch of people who are very good, but just didn;t land a contract with a studio, but you will actually be able to greatly expand your CD collection, no copy protection, nothing, instead of blowing money opn the next tube amp. I love the site. -akhilesh
