You can listen to all the artists there, and decide what you like. All of them seem to be good at their stuff, some may appeakl to som and some to others. But they all seem to have talent. THe important hig is you can HEAR them and CHOOSE. In my mind if you are NOT signed with a majopr studio DOES NOT mean you are not talented. In fact, I would say, they are often a lot more talented than some of the schlock the major studios release. I am just sick of supporting anything these majotr studios do, and will from now on ONLY buy used CDs on ebay or used music stores, or buy from these sites like cdbaby.com or directly from the artist. I will end up with a lot more CDs and a lot less tube amps...a good compromise in my opinion. Thanks for the tip on Mosaic. I'll check that out too. -akhilesh
