Lots of pictures on the general forum. The fest went very well. We had some great exhibitors and attracted a good crowd from the DFW area as well as Houston, San Antonio, and a few who flew in from distant places. I was especially pleased to see so many 30somethings instead of just the geezers like me we see at the big shows. Except for some noise on Friday associated with the renovation of the rooms below us the hotel was very good for an audio show. The furniture in the front room of each suite was easy to take apart and move it to the bedroom, creating a nice listening room.
