Subject: Re: passive crossover point Posted by Wayne Parham on Mon, 23 Jul 2007 13:28:43 GMT View Forum Message <> Reply to Message

When I measured Fred Thompson's ART Arrays, I expected a high-order crossover would be better. As a general rule, I think one can expect this. But in the case of the ART Arrays, they measured better with a simple first-order filter on the woofer array and the tweeter.
