Subject: Cheap source for drivers Posted by colinhester on Wed, 05 Mar 2008 23:11:20 GMT View Forum Message <> Reply to Message

At one time I had more NSB drivers than I knew what to do with. Finally gave them away for a school project. Well, as luck would have it, I got this wild hair to build some curved arrays and need more cheap drivers. Seems PE no longer carries the bottom price point. Any good source on small "full range" drivers. I need 35 and would like to keep the cost to
